Dear Parents and Guardians:

I would like to remind all parents and guardians that the Board of Education **does not** pay for student accident insurance. The school **does not** provide insurance to cover medical costs should your child receive an injury in school while in the normal course of activities. In order to receive any medical payment assistance, you must either have your child enrolled in the voluntary accident insurance protection for students, paying the coverage cost per year, or rely on your child's coverage on your own family insurance plan. Please note that we are able to offer coverage for school hours only, around the clock coverage, as well as an accidental dental policy. Premium costs are available for your information on the web site noted on the reverse side of this letter.

Please see the reverse side of this letter for the information as to how to enroll online for the student accident insurance options available for this school year.

This insurance is not a plan held by the Mine Hill Board of Education. The Board has made access to the program to our parents and guardians as a convenience, and it is totally voluntary. The choice is yours.

Please feel free to contact me should you have any questions.

Sincerely,

Carolina Rodriguez  
Business Administrator
